EXPERIENCE

Mr. Pats Automotive, Toronto — Service Technician

APRIL 2014 - OCTOBER 2016

Speak with customers to understand the issues they are having with their vehicle.

Use information gathered to help guide me to make a correct diagnosis of vehicular ailment.

Inform customer of said problems and answer any questions they may have. Offer solutions.

Complete a timely and efficient repair.

ABOUT ME

I'm a motivated developer with a background in the automotive sector.

I like building things with my hands, learning new technologies and applying them in the real world.

EDUCATION

Bitmaker Labs
2016

Full-time immersive 9
week development
bootcamp.

HOBBIES

Rolling crit fails, driving through the snow with my e-brake up and keeping the kitchen saucy. Reading is cool.
